“ I’ve had amazing experiences using Omega Protective Services for several different events. They’ve gone above and beyond to make sure I feel safe and comfortable. They also drove me to and from my event, so I had one less thing to worry about. Very friendly while still remaining professional and alert.”

Alex Byrd, Actress - Blood Queens

“ I called to have security for a friend during a breakup. Greg answered the phone and made both of us feel much better. He was ready to provide security in less than 12 hours. Great response.”
